A white quadcopter drone with a camera mounted underneath is shown in flight against a clear blue sky. The drone is positioned in the lower right quadrant of the frame. The text "Radio Park Oulu – suurhanke?" is overlaid in white on the left side of the image.

Radio Park Oulu – suurhanke?

19.5.2022

The background features a dense field of small, glowing green dots. These dots are arranged in a way that creates a strong sense of perspective, forming a funnel or tunnel shape that narrows from the top left towards the center. The dots are more concentrated and brighter in the foreground and become sparser and dimmer as they recede into the distance. The overall effect is a dynamic, digital-looking space.

Radio Park Oulu – miksi ja mitä?

19.5.2022

The background of the image is a dense, repeating pattern of blue, pyramid-shaped acoustic foam tiles. The tiles are arranged in a grid, with each tile having a central peak and four sloping sides. The lighting is slightly darker in the recesses between the tiles, creating a textured, three-dimensional effect.

VALUE PROPOSITION

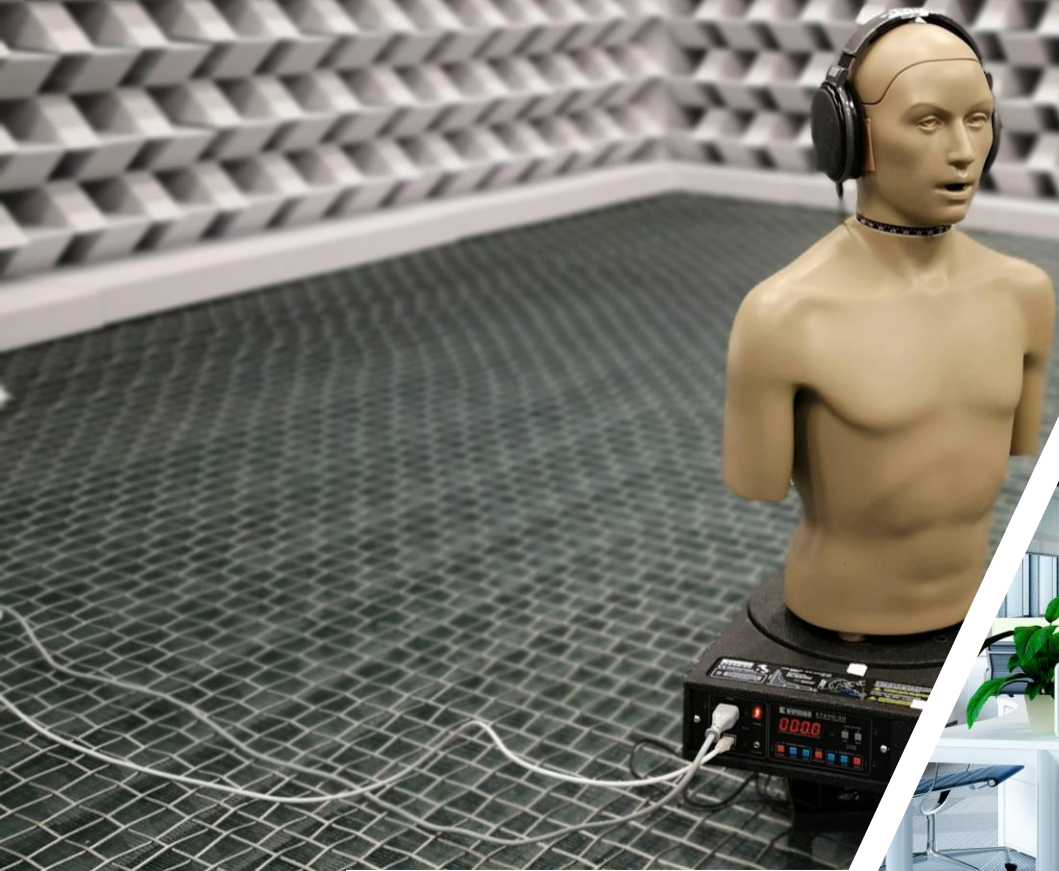

LIVING LAB FOR EVERYTHING CONNECTED

A man in a white lab coat is working in an anechoic chamber. He is standing on a platform and adjusting a large, complex antenna structure. The chamber is filled with dark, pyramid-shaped electromagnetic absorbers. A large, stylized antenna structure is visible on the right side of the image. The overall scene is dimly lit, with a focus on the man and the equipment.
